

More good results for Sanguine

Wednesday (September 7th) at Strathalbyn produced a good result for Sanguine and for one of our privately owned horses.

Ravenhurst our Blevic grey returned from a spell to run a solid third. He showed plenty of heart to run on well in the straight and we would imagine that he will improve with race fitness. Video follows:

Ravenhurst as a yearling.

Later in the day Cruziero, who is owned by Michelle and I as members of a partnership, lead all the way for an impressive win. His last preparation was extremely disappointing with a number of inconsistent performances. We think we may have found some answers to him and hope that this preparation will continue to be more successful
