

## The Sanguine Story

Sanguine is owned by Richard and Michelle Stafford and we aim to bring affordable racing syndicates primarily to those interested in racing in South Australia. Richard and Michelle have been involved in racing for a number of years and race privately several horses including Arinos, who has been very successful. Other horses we have been involved with include Annoyed, Afewgoodmen, Avinack, Donut and Stralan. Sanguine currently races Halo Mistress, Red Centurion and Falvelonic. (More details in the Available horse and Finalised syndicates sections) Richard is a industrial chemist and an executive director of an SA private company while Michelle is an accountant and currently works part time for an accountancy practice. After serving on the SAROA (South Australian Racehorse Owners Association) committee for some time Richard was recently appointed President of SAROA.
